

ACADEMIC SCHOLARSHIPS

Each year when we award Phi Mu Foundation scholarships, we're flooded with letters from recipients that remind us of the critical role these scholarships play in women receiving their education. Whether it's to help an undergraduate woman cut back on her hours at work this semester or to help a medical student reduce the amount of loans she'll have to take out that semester, Phi Mu Foundation scholarships are helping women reach their highest potential.

The Foundation awarded 134 Phi Mu members with \$186,500 in academic scholarships in 2022-23 to pursue their undergraduate and graduate-level education.

 Sarah Lamm, Gamma Kappa
 Sarah Guggemos, Delta

“As a recent alum, I can already see that the Phi Mu Foundation encourages me to keep pursuing my dreams, both academically and personally, while staying connected to my chapter and sisters.

I am honored to receive the Anita Nickels Johnson Scholarship because Phi Mu continues to support my education beyond college to become the dentist that I have always aspired to be.”

Channing Danielle Baker (Delta Eta)
