

ACADEMIC SCHOLARSHIPS

Each year when we award Phi Mu Foundation scholarships, we're flooded with letters from recipients that remind us of the critical role these scholarships play in women receiving their education. Whether it's to help an undergraduate woman cut back on her hours at work this semester or to help a medical student reduce the amount of loans she'll have to take out that semester, Phi Mu Foundation scholarships are helping women reach their highest potential.

The Foundation awarded 156 Phi Mu members with \$185,000 in academic scholarships in 2024-25 to pursue their undergraduate and graduate-level education.

“Phi Mu Foundation and the scholarship I received have significantly shaped my future in various ways. The scholarship significantly reduced the financial burden of my education. This allowed me to focus on my studies without the constant worry about finances. Receiving this scholarship showed me that the Phi Mu Foundation values my membership, academic achievements, and future goals. Overall, the Phi Mu Foundation’s support has been instrumental in shaping my path to academic success. It has not only lessened my financial burden but also empowered me to become a more confident, well-rounded individual with strong leadership skills. I am incredibly grateful for Phi Mu’s investment in my future.”
